KAMMERN GRÜNER VELTLINER

The loess and loamy soils that lie on the outer rims of Kammern, the traditional wine-growing village, are among the most fascinating terroirs in Kamptal. They gives our wines great aromatics with spicy and supple taste. Great food wines!

THE 2023 VINTAGE

Although this winter brought some cold periods too, it was extremely dry. After a warmer-than average February, the long-awaited heavy rainfall finally arrived in April and May, coupled with fairly low temperatures.

This in turn led to a positive delay in budding and flowering that we had not experienced in recent years. As a result, the course was set for later grape ripening and therefore a later harvest.

Our vines coped very well with the heat of the following summer months. Rainfall in August and just before the harvest meant that the grapes ripened perfectly, allowing us to harvest quickly without any interruptions.

We can therefore look forward to a great series, characterized by clarity, tension and the perfect balance.
